DISCOVER THE joy OF LEARNING

From The Principal's Desk..

Dear Readers,

Festive fervour and exam fever filled the atmosphere at school. While the juniors integrated the festivities in their lessons, the seniors got into 'Abhimanch' mode with devotion!

Bhakti marked yet another milestone in the journey of the Shreyans and also demonstrated to the parent community the experiential way of teaching and learning that we adopt at Gyanshree. Please do read the reviews and share your thoughts.

Best Wishes,
Brinda Ghosh
Principal

Editorial...

Here ye! Here ye!

“There is a voice that does not use words. Listen.”- Rumi

As you place yourself in the middle of a loud and crowded Delhi Market, and surround yourself with perspiring shoppers who beautifully balance overflowing sacks, spicy street food and exasperated children in their scarce amount of hands, you may find that competing with nearby vendors by shouting at the top of your lungs to spot your favourite shoe seller may not be as constructive as you might have previously imagined. However, quietly and patiently listening to the voices of the overwhelming bazaar to identify the cries of the trusty old seller may get you a brand-new pair of shoes. Here, actively trying to listen and absorb information available around us becomes an important step towards fulfilling our desires and goals.

Perhaps your shopaholic aunt has already imparted this valuable metaphor to you, but it is only valuable if you truly listen. To listen is to learn.

When we learn to pay attention to the content, the mannerisms and attitude of the person speaking, when we listen instead of merely hearing what another person is saying, each lecture, conversation and even gossip gathering can teach us something about the speaker themselves, their opinions and experiences or even about the world as a whole.

As we entertain more dialogues with people of various social and cultural groups, we acquire knowledge on diverse points of view, and in the process, expand our own perspective on specific and general outlooks - By listening to your peer's opinion on a recent flop film may not match that of your professor's thoughts, and through their difference of opinion, you could gain insights on facets you may previously never considered, even if it just relates to analysis of a film.

Moreover, asking about and actively seeking numerous and diverging thoughts and experiences allows us to learn from other people's mistakes and helps us avoid avertable setbacks in life.

To say that listening to family, peers, teachers and others for advice based on their thoughts and experiences will always be evidently fruitful might be an exaggeration. Since most individuals have dissimilar life encounters and insights, following through on what you have heard from someone may bring you an unpleasant affair. However, here too, listening teaches us to develop a knowledge of choosing what lessons and opinions to follow and which ones to avoid, thus making us better decision-makers.

While the empty vessels make the most noise, the wise whisper, and the wiser listen.

Eventually, after a significant amount of quiet and patient listening, observing and following through, we could also contribute to someone else's lifelong learning process of listening and learning - as long as we keep in mind that listening makes a learned man, and a learned man always listens.

Pre – Primary Wing

JANMASHTAMI

हाथी घोड़ा पालकी, जय कन्हैया लाल की.....

To seek the blessings of Lord Krishna, Janmashtami was celebrated with great enthusiasm and joy. The Pre-Primary Shreeyans came dressed in traditional Indian attire, some even as 'Krishna' and 'Radha'. The day started with the story about the festival. The Shreeyans made Krishna's flute (Pre-Nursery), Krishna's mukut (Nursery) and Krishna's matki (KG). The Shreeyans not only enjoyed making the crafts but also enhanced their fine motor skills.

A special assembly on Janmashtami was also conducted by the Shreeyans of Nursery A and KG A. As is traditional on Janmashtami, there was a Jhanki put up with a 'Jhoola for Bal Gopal'.

LEARNING ABOUT PET AND FARM ANIMALS

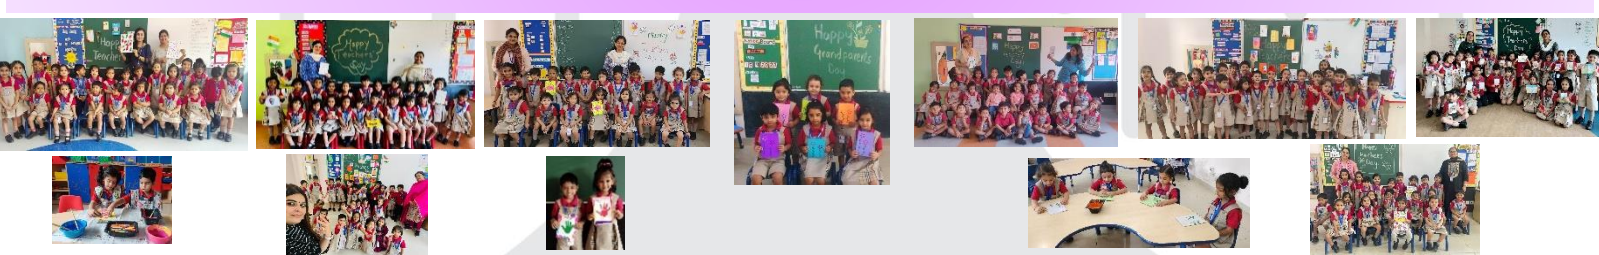

The theme for September month was 'Pet and Farm Animals' and the Shreeyans enjoyed learning about various animals – what they look like, what they eat, where they live, what sounds they make, etc. A whole lot of activities related to the Theme were planned for the Shreeyans. These included 'Class Talk', PPTs, rhymes and Art & Craft. The children especially enjoyed the art activities done using a variety of techniques - Pre-Nursery made a cat and a dog using sponge dabbing, colouring and pasting of shapes; Nursery made a dog by pasting shapes and coloured some farm animals. Kindergarten made a fish (painting and pasting), a dog (colouring and pasting shapes cut out of old newspapers) and a sheep (finger dabbing and pasting). The Shreeyans also enjoyed stories and riddles related to the theme.

CELEBRATING SPECIAL DAYS

Teachers Day is celebrated in India on 5th September every year, to commemorate the birth anniversary of Dr Sarvepalli Radhakrishnan. The Pre-Primary Shreeyans celebrated this day with great joy. The day started with the Shreeyans reciting the 'Guru Vandana'. The Shreeyans made beautiful cards, using their handprints and fingerprints, to express their love, gratitude and appreciation towards their teachers. Photographs of the Shreeyans with their respective grade mentors, were taken as memories.

Grandparents Day is celebrated on the second Sunday in September. Shreeyans made beautiful cards for their grandparents to show their love, respect and gratitude for the guidance, and support grandparents offer to the family. They were also encouraged to take care of their grandparents and make them happy by doing little things for them in their own special ways. They also learnt special songs to sing to their grandparents.

Lower Primary Wing

JANAMASHTMI CELEBRATIONS

The Lower Primary wing buzzed with Janamashtmi festivities as children crafted enchanting flutes adorned with vibrant peacock feathers. Shreeyans ignited the day by immersing in a captivating narrative of Lord Krishna's life before embarking on an enchanting journey to the atrium. There, they marveled at the Krishna Jhaanki, featuring the exquisite 'krishana janam jhula.'

Grade IC & ID's Shreeyans powerfully explained the nationwide celebration of Lord Krishna's birth, delving into the captivating reasons and intricate rituals. Their engaging performances and presentations not only celebrated Krishna's arrival but also enriched their cultural insights, fostering a deeper appreciation of our heritage.

CLEANLINESS ASSEMBLY

Grade IE Shreeyans shared a special lesson with us about staying clean and tidy. In their assembly, they gave a message that being clean is not just something we do every day, like brushing our teeth, but it's also like having a superpower that makes us feel good and helps us make others feel good too. They emphasized that we can be like superheroes by keeping our surroundings nice and clean for everyone. This way, we can make our community a happy place for us and the kids who will come after us.

हिंदी दिवस

हिंदी दिवस का आयोजन पूरे देश में १४ सितंबर को खास धूमधाम के साथ मनाया जाता है, हमारे विद्यालय के छात्रों ने भी इस महत्वपूर्ण दिन को उत्साहपूर्वक मनाया। कक्षा १ और २ के बच्चों ने इस दिन को और भी खास बनाने के लिए अलग-अलग गतिविधियों जैसे कविता पाठ, कहानी वाचन, नृत्य, श्लोक/दोहा वाचन, नारे वाचन इत्यादि में भाग लिया। हिंदी दिवस के इस खास अवसर पर बच्चों ने हिंदी के महत्व को व हमारी संस्कृति को समझा।

HEALTH-O WEEK

From September 18th to 22nd, Lower Primary wing had an exciting adventure into healthy eating! Grade I Shreeyans became healthy plate designers, tooth care artists, rainbow creators with colourful foods, and even little chefs who made delicious and healthy sandwiches. These activities were like magic spells that made us love being healthy and enjoy tasty foods at the same time. Grade 2 had a fantastic "Little Chef" event where Shreeyans cooked up a storm by making scrumptious "Pasta Salad." They followed their Grade Mentors' instructions like kitchen wizards and couldn't wait to share their mouth-watering creations with teachers and friends.

GANDHI JAYANTI ASSEMBLY

Grade I F organized a special assembly to commemorate Gandhi Jayanti. During the assembly, the students discussed Mahatma Gandhi's teachings, particularly the "Three Monkeys" principle, which encourages us to 'See no evil, hear no evil, and speak no evil.' They also stressed the importance of non-violence in resolving conflicts, explaining that it leads to better harmony and peace. It was an enlightening and thought-provoking assembly that reminded us of Gandhi's valuable lessons.

DUSSEHRA

Dussehra, also known as Vijayadashami, is a vibrant and significant festival celebrated across India. At our school, this auspicious day is commemorated with great enthusiasm, showcasing our rich cultural heritage. It was a day of joy, unity, and cultural pride. It served as a reminder of the values of righteousness and the victory of good over evil, which are at the heart of this auspicious festival. The celebration fostered a sense of togetherness and left lasting memories for all.

NATURE WALK AND GERMINATION ACTIVITY

The Shreeyans of Grade I and grade II were taken out to the school nursery to understand more about herbs, shrubs, creepers and climbers. The gardener of the school showed them various plants of lemon, coriander, guava etc. The nature walk was organized to support the theme of the month – ‘Plants’ wherein the Shreeyans studied about various parts and types of plants. They were able to relate with the concept practically after they discussed their observations they made during the excursions.

HOUSE OF TABLES - PBL

The Shreeyans of **Grade II** enthusiastically participated in making their own ‘House of Tables’. The project-based learning was conducted in pairs, and it made them understand how tables are actually formulated and built up.

TECH XPLORE

Tech Xplore embarked the journey to explore the fascinating world of technology and, more specifically, the versatile machine we know as a computer. Our Shreeyans exhibited their essential knowledge for the digital age. They supported their presentations with hand-outs, posters, drawings, and even 3D models of computer components and took us through a diverse range of topics, showcasing the multifaceted uses and profound significance of this ubiquitous device.

Upper Primary Wing

CREATING MY VERY OWN RAKSHABANDHAN SCROLL!

Shreyans of Grade III picked up their pens and scrolls and penned short messages for their siblings on the occasion of Rakshabandhan. Their written efforts led to the creation of a one-of-a-kind document, a moment in time caught on paper, with all their good wishes and heartfelt emotions.

EXPLORING THE ANIMAL KINGDOM – A JOURNALIST’S VIEWPOINT!

Shreyans of Grade III researched on food habits, habitat and the natural environment of any two animals of their choice for their journals aptly named, ‘An Animal’s Diary’. Full of enthusiasm, they shared manifold facts and thoughts about the other inhabitants of our planet!

THE ART OF FINGER PRINTING...

Shreyans of Grade III depicted their favourite animal while using nothing but paint and their fingers to create their life-like art pieces. The cheer and jollity with which the young artists took up their task became the source of an endless stream of ideas – being exchanged, learnt and understood!

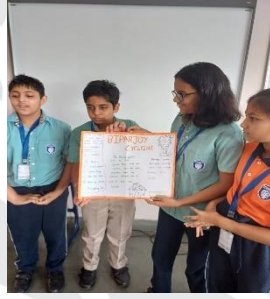

MY CITY, MY INTERPREATION!

Shreyans of Grade III made some wonderful collages that offered an insight into the different attributes of the four Metropolitan cities of India - Delhi, Mumbai, Kolkata and Chennai. Their memories, knowledge, comprehension and learning followed a complex path and rhythm to give rise to unique individual thoughts and takeaways.

BEING AWARE, BEING PREPARED!

Shreyans of Grade V researched on different cyclones and natural disasters to get an understanding of the side-effects of climate change in a world that is sadly plagued with calamities - both natural and manmade. Working in collaborative groups, they teamed up to read, recognize and share their comprehension of how and why tragedies take place and what we can do to prevent them.

हिंदी दिवस

हमारे देश में हिंदी के साथ तमाम और भाषाएँ, बोलियाँ बोली जाती हैं पर इनमें हिंदी सबसे बड़े भू-भाग पर बोली जाती है। देशभर में 14 सितंबर को हिंदी दिवस मनाया जाता है। ये इसलिए क्योंकि हिंदी भाषा के महत्त्व और उसकी आवश्यकता को याद कर सकें। सन् 1949 में 14 सितंबर के दिन हिंदी को राजभाषा का दर्जा मिला था, जिसके बाद से अब तक हर साल यह दिन 'हिंदी दिवस' के तौर पर मनाया जाता है। हिंदी जिस तरह से विस्तार पा रही है, वो गर्व करने लायक है। हिंदी दिवस पर ज्ञानश्री विद्यालय में कक्षा ५ के विद्यार्थियों के लिए विभिन्न गतिविधियों का आयोजन किया गया। छात्रों ने प्रत्येक गतिविधि में अपनी सहभागिता तो दिखाई ही, साथ में सुंदर लेख, दोहा वाचन, पोस्टर बनाना, कविता गायन का प्रस्तुतीकरण किया। दोहा वाचन में छात्रों द्वारा कबीरदास जी के प्रसिद्ध दोहे प्रस्तुत किए तथा कविता गायन के माध्यम से प्रसिद्ध कवि-कवयित्री को याद किया गया। छात्रों ने हिंदी दिवस पर आयोजित प्रत्येक गतिविधि में हर्षोल्लास के साथ हिस्सा लिया तथा अपने हुनर का प्रदर्शन किया।

झरोखा-हिंदी दिवस

भारत देश में १४ सितंबर को प्रतिवर्ष हिंदी दिवस मनाया जाता है क्योंकि १४ सितंबर १९४९ को सभी भारतीयों ने देश की संविधान सभा में एकमत होकर हिंदी को राजभाषा होने का सम्मान देने का निर्णय लिया और उसी वर्ष में पहली बार हिंदी दिवस मनाया गया और तब से प्रतिवर्ष हम सभी भारतवासी १४ सितंबर को पूरे हर्षोल्लास के साथ हिंदी दिवस मानते हैं इसी बात को ध्यान में रखते हुए विद्यालय में दिनांक ११-९-२३ से १५-२३-९- तक कक्षा चार के छात्रों ने हिंदी दिवस मनाया इस अवसर पर विभिन्न गतिविधियों का आयोजन भी किया गया कक्षा चार के विद्यार्थियों ने सुलेखहिंदी, विषय पर कविता वाचन एवं हिंदी भाषा के महत्त्व विषय पर चर्चा जैसी गतिविधियों में भाग लिया सभी छात्र-छात्राओं ने प्रत्येक गतिविधि में पूरे उत्साह के साथ बढ़ चढ़कर हिस्सा लिया और हिंदी दिवस के इस कार्यक्रम को सफल बनाने में अपना योगदान दिया।

Secondary Wing

GANDHI JAYANTI

On the 154th birth anniversary of Mahatma Gandhi, Gyanshree School organized a series of activities to pay homage to the Father of the Nation and emphasize his teachings. The highlight of the event was a campus-wide cleanliness drive, wherein students and staff came together to clean classrooms, corridors, and areas outside the school campus. This act of 'Shram Daan' was not only about tidying physical spaces but also symbolized our deep commitment to the values and principles that Gandhiji stood for. In addition to honouring Mahatma Gandhi, the school also remembered the contributions of another great leader, Lal Bahadur Shastri, whose dedication to simplicity and honesty echoed Gandhiji's ideals. To foster unity and inclusivity, a Sarvdharam Prarthana (universal prayer) was sung by both staff and students, aligning with the teachings of these remarkable leaders.

Speaking on the occasion, the Vice Principal Ms. Sunita Mehta emphasized how the values exemplified by these leaders are not only timeless but also exceptionally relevant in the present times. She highlighted that the principles of humility, simplicity, unity, and honesty, as demonstrated by Mahatma Gandhi and Lal Bahadur Shastri, serve as beacons of inspiration for our society today.

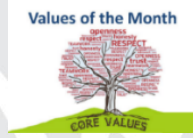

CAREER COUNSELLING AT GYANSHREE

Career decisions play a pivotal role in shaping the trajectory of students' future growth and development. Keeping this paramount consideration in mind, the school organised a career counselling session for students of grades XI and XII on 10th October, 2023. The resource person for this session was Mr. Ashish Garg from "Adda 22/7," a distinguished individual renowned for his multifaceted achievements.

The session commenced with an informative overview of the Common University Entrance Test (CUET), an examination designed to foster aptitude. Considering the three distinctive segments that CUET encompasses (Language, Domain, and General Test), Mr. Garg, in his role as the facilitator exhorted students to adopt a diligent approach to their preparations, inclusive of judiciously utilizing recommended reference materials. Furthermore, he underscored the importance of the choices we make, particularly in defining our life, with the choice of a career being a crucial one. The session also provided insights into various career options suitable for students in the three different streams of study-Science, Commerce and Humanities.

Shreeyans' Corner

VALUE OF THE MONTH **FRIENDSHIP**

Friendship is a treasure that enhances our lives in ways that go beyond ordinary company. It's a link that feeds our souls, providing us joy, support, an understanding. The value of Friendship Month rests in its ability to remind us of the fundamental importance of these friendships. Friends are there for us through thick and thin, providing a haven of trust and friendship. They inspire us, bring out the best in us, and bring laughter and wonderful moments into our lives. This month encourages us to appreciate and grow these vital relationships, cultivating empathy, generosity, and gratitude for the friends who brighten our world and fill our hearts. It's a reminder that, in the tapestry of life, friends are the vibrant threads that add warmth and colour to our journey.

THE WORLD OF SPORTS: WHAT MAKES IT FASCINATING?

I'm willing to bet a considerable chunk of money on the fact that everyone has at least played one sport and I am pretty sure I would not lose! There is perhaps not a single inhabitant of our planet who hasn't tried some form of 'fun' physical activity. Even the less fortunate find ways to entertain themselves via sports. Yet what is the allure around it? Why even play sports? One might say for fun, physical activity, as a form of relief and what not. Maybe even for fame and moolah if one is good enough. But this is after years upon years of sports, sports which have been played since days of yore. The roots of modern sports lie in games that were used to train soldiers for war or for hunting. This is an explanation as to why the more primitive sports involved spear throwing (javelin), stakes, rocks and sparring one-on-one with opponents. However, these 'games' bore no resemblance to the fun-filled activities we have today. The famous Colosseum in Athens hosted countless gladiatorial fights where duelists usually fought till death. The gruesome truth had a softer edge too, for the winners were celebrated as literal heroes, earning great fame and money. In fact, the prize for the ancient Olympic Games was only a wreath of olive leaves which may seem underwhelming, but the athletes had no shortage of prominence. Slowly years of tough, arduous games gave way to the more recreational use of sports, particularly in the late middle ages as doctors were quick to notice the benefits of sports and promoted it to the larger masses. It eventually became a part of people's daily routines. The rich saw it as a leisure, the pauper saw it as an escape. Rules were formed and sports came to be regarded as a centralised and regulated activity. The bulk of modern sports came to be in part due to the British Empire. It's sheer extent helped organised sports gain a foothold in various countries. Many sports including Cricket and Association Football all were spread rapidly by Britishers.

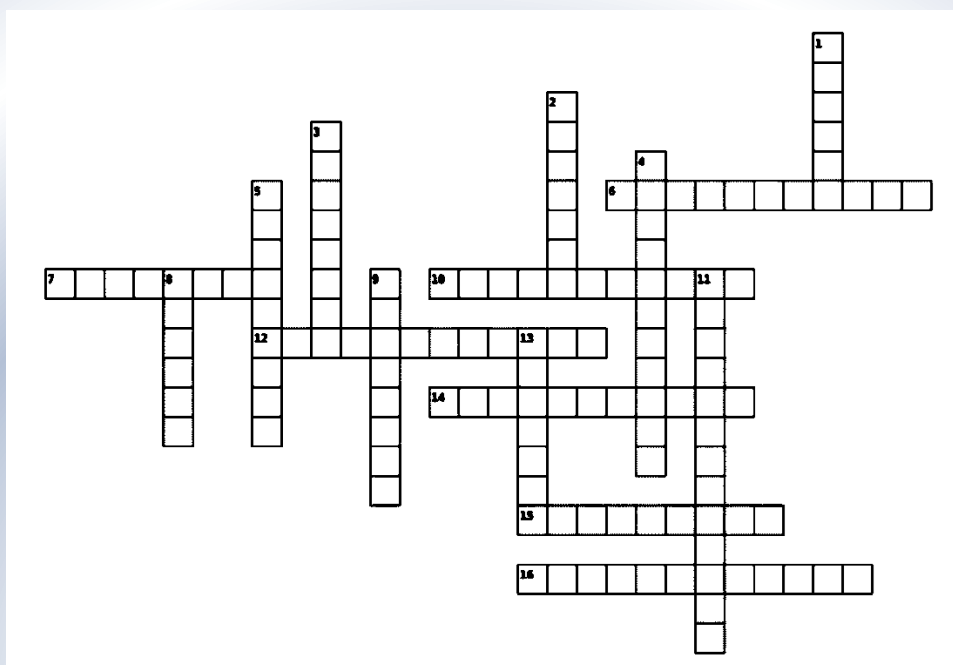

Sooner rather than later people, especially businessmen, saw the great potential sports held financially. It was televised worldwide with companies running to acquire TV rights. That's the grip sports have on us. It is a spectacle, lived by us through emotions. Games continue to encapsulate our imagination and enthral millions upon billions of souls. FIFA estimates that the 2022 World Cup Final was watched by nearly 1.5 billion people! This is truly a staggering statistic. Sports has fascinated us for centuries and it can only be hoped that it does so for the centuries yet to come. Sports should continue to be an important part of our lives because as they say all work and no play makes Jack a dull boy!

SIDDHANT BATRA

HEARD – UNHEARD CHEMISTRY TERMS

Across

- 6.** A process that absorbs heat.
- 7.** A substance that lowers the activation energy of a reaction or speeds it up without being consumed by the reaction.
- 10.** A measure of the average kinetic energy of particles.
- 12.** Use of electricity to break the bonds in a compound to break it apart.
- 14.** It is when a solid changes directly into a gas.
- 15.** A procedure in which the concentration of an acid or base is determined by measuring how much base or acid is required to neutralize it.
- 16.** When a chemical reaction breaks a compound into two or more parts.

Down

- 1.** A liquid that resists change in pH when an acid or base is added.
- 2.** The electrode which gains electrons or is reduced
- 3.** It refers to a substance that has a high vapor pressure.
- 4.** A chemical solution that does not contain all of the solute that can be dissolved in it.
- 5.** It is making a larger molecule from two or more atoms or smaller molecules.
- 8.** A molecule or ion stuck to the central atom in a complex.
- 9.** A measure of the amount of energy in a system.
- 11.** It occurs when the atomic nucleus is unstable and breaks apart, releasing energy or radiation.
- 13.** This is the liquid that dissolves a solute in solution.

BOOK RECOMMENDATION

Blink: The power of thinking without thinking By Malcolm Gladwell

Blink is a fascinating non-fiction narrative that hooks the reader from the very first chapter with engaging storytelling and valuable insights. The book talks about the processes underlying our spontaneous thinking and instinctive decisions, along with their importance, as well as how they can prove to be much more helpful in certain scenarios as opposed to long-drawn decision-making. This book is a refreshing change from prolonged and complicated non-fiction pieces of work with its interesting tone and simple elaborations of often confusing subjects. Each incident, example and metaphor in the book is brilliantly explained and referred to several times to explain seemingly complex topics about human instinct and behaviour in a graspable manner. It is a must-read for those interested in psychology and behaviour or those seeking knowledge about these topics for the first time, as it allows learning about the engrossing workings of the human unconscious and psychological research in a clear and intriguing way.

**DIVIJA CHAUHAN
X**

I looked around, a futile search
I looked above, disappointment left me in the lurch
I looked beneath, it was a scary sight
I looked away, striving to hide my fright.
I looked within, I heard a cry
A whisper, a warning, I pretended to deny
I panicked and stumbled upon my own vices
I denied looking beyond, my own crisis.
I resumed my search, then stopped to see
A holy light was paving a way for me
It had no face, no shape, no sorrow
It had no past, no worries of tomorrow.
It held my hand to show me through
I resisted, I repelled, I rejected the view
I tried escaping, but all in vain
It insisted, I surrendered, however with disdain.
My anguish enquired, "Who are you, where do you belong?"
"Devotion, they call me, so many garlands I adorn
You too know me well, I'm a fruit of your tree."
I stopped to look again, it had been there, it was within me.

School News

TEACHERS' DAY CELEBRATION

Teachers play a pivotal role in shaping the future of our society. To honour and appreciate the dedication and hard work of educators, Gyanshree School celebrated Teacher's Day on 5th September 2023 with great enthusiasm, joy and fervour.

The celebration was filled with gratitude, admiration and heart-warming moments that highlighted the profound impact that teachers have on students' lives. The day began with a special assembly which was organised by the students of the middle and senior wings. Students prepared a series of captivating dance, theatre and musical performances. Adding an element of fun to the celebration, the students also organised games for the teachers who participated with exuberance. Students had also put their creative skills to work by designing a photo booth for their educators. The celebration concluded with the address by the Principal, Mrs. Brinda Ghosh, who appreciated the efforts and emotions put in by all students in extending their gratitude towards their teachers.

MY GUIDE INSIDE (MGI)

MGI is a wellness programme by Ms. Christa Campbell of Canada for the Good School Alliance. Some of our school staff and students have undergone the course. Four of our interns with GSA namely, Yash Raj, Oshi, Rishona and Anoushka along with the school counsellors are now holding the sessions for their peers. Here is a peek into what they have to say...

UNITY RUN AT GYANSHREE SCHOOL

To celebrate Rashtriya Ekta Diwas and commemorate the birth anniversary of Sardar Vallabhbhai Patel, a Unity Run was organized at Gyanshree School. Sardar Vallabhbhai Patel was the architect of national integration of independent India. It is a day to remember his visionary statesmanship and the extraordinary dedication with which he shaped the destiny of our nation. Shreyans enthusiastically participated in the event that aims to foster and reinforce our dedication to preserve and strengthen the unity, integrity and security of our nation.

ABHIMANCH VIII-2023

Gyanshree School Noida, organised their annual cultural spectacle ABHIMANCH on 20th October. The Chief Guest Shri Vipin Kumar, Additional Secretary in the Ministry of Education graced the event. This year's production 'Bhakt' featured exceptional high-quality performances by the students of grades VI to XII. The theme of the production delved into the profound relationship between devotion and the self. It vividly portrayed instances from the lives of revered saints like Kabir, Meerabai, Andaal, and more.

Shri Manohar Lal Agarwal, Chairman of the Haldiram Society, presided over the event. The members of the Executive Committee Mrs Rita Kapur, Founder Director of Gyanshree School, Mr Pradeep Srivastava and Mr K C Jain motivated the students and staff with their presence.

The Principal, Mrs Brinda Ghosh, gave the keynote address highlighting the achievements of the school. The Chief Guest Shri Vipin Kumar emphasized the pivotal role of education in instilling values in students' lives. He explained the importance of the theme, Bhakti - devotion, in fostering values such as commitment, discipline, and a profound connection to one's beliefs, all integral to holistic education. The event splendidly celebrated the unique bond between a devotee and devotion. The parents were enthralled by the performance of the students. The audience applauded the message of tolerance, love, compassion, empathy and acceptance conveyed by the production.

Laurels

- ✦ The Under 19 Boys and Under 19 Girls Team of Gyanshree School won the first position in the North Zone 1 Chess Tournament. Purusshrut Sharma, V won Gold medal in the board U 11 Ctaegory
- ✦ Alishba Raza, Manan Grover and Myrah Hasan won the 3rd position in the Dr. V.K, Bhatnagar Memorial 2nd Inter-School Moot Court held at Manav Sthali School, New Delhi.
- ✦ Shreeyans won medals in the GB Nagar District Stairs Badminton Championship held on 30th September and 1st October.
U14 doubles - Divij Nandan and Ujjwal Saluja of Grade VIII won silver medals,
Under17 singles - Sanskriti Malik of Grade X won a gold medal,
U19 singles - Harshul Rekhii of Grade XI won a silver medal and Ishaan Gupta of Grade XII won a bronze medal. They both also won gold medal in U19 doubles.
- ✦ Shreeyans won medals in the CBSE Swimming Clusters held at MG World Vision School from 18th to 21st October.
U14 Boys - Shivansh Mishra won 3 golds and 1 silver, he also bagged the Individual Championship in the U14 Boys category. Satvik Debdas, Ansh Chaudhary, Ravi Moksha and Sourish Krishna won silver medals.
U17 Girls - Vani Varshney won a bronze medal
U19 Girls - Araina Negi won a bronze medal
U19 Boys - Adyant Singh Gholya won a bronze medal
- ✦ Shreeyans of Grades III - V made their mark at 'Awahan' - an 'Inter School Yoga Championship' held at JBM Global School on 11.10.2023 & 12.10.23. Tanishhi Gupta of Grade IV G, clinched a silver medal in the 'Under-10 years category, bringing honor to our school,
- ✦ Shreeyan Ruhana Chawla of Grade V represented Gyanshree School in the under-11 boys category at the 'Delhi State Triathlon Championship' which was organised by the 'Modern Pentathlon Association' of Delhi on Sunday, 24th September 2023. He secured the second position and bagged a silver medal in the individual event. In the Triathle relay he secured the 1st position and took home the Gold medal. The event consisted of a 50 secs laser gun stretch, 2*25 metre of swimming and 2*200 metre running.
